13 July 2022

Grand Pacific Hotel

Suva, Fiji

MSG CHAIRMAN'S STATEMENT

In lieu of a formal MSG Leaders Communique, this MSG Chairman's Statement would constitute a record of the main issues raised by the MSG Leaders in their statements at the Special MSG Leaders' Summit convened on 13 July 2022 at the Grand Pacific Hotel in Suva, Fiji.

The Special MSG Leaders' Summit was convened, on the margins of the Pacific Islands Forum Leaders' Summit in Suva, purposely to effect the long overdue formal handover of the MSG Chairmanship from Papua New Guinea to Vanuatu.

The Special Leaders' Summit was fully represented by the Membership's Officials and was Chaired by the Papua New Guinea Prime Minister, Hon. James Marape, MP.

The MSG Leaders in attendance were; Honourable James Marape, MP, Prime Minister of Papua New Guinea, Honourable Bob Loughman Weibur, MP, Prime Minister of the Republic of Vanuatu, Honourable Josaia Voreqe Bainimarama, MP, Prime Minister of Fiji, Honourable Manasseh Sogavare, MP, Prime Minister of Solomon Islands and Mr Victor Tutugoro, Spokesperson of the FLNKS.

The Special Summit was arranged into two parts, a closed session and a custom ceremony which was an open session performed outside of the meeting room.

In the absence of a proper MSG Leaders Retreat, the closed session provided the opportunity for the MSG Leaders to express themselves freely on matters pertaining to policy directions or operations of the MSG Organisation, including providing directives to the MSG Secretariat.

As mentioned earlier, this Chairman's Statement attempts to capture, for record purposes, the main issues raised in the MSG Leaders interventions. The issues are mentioned in no order of priority.

The MSG Leaders:

A: CHAIRMANSHIP OF THE MSG

1. **Thanked** the outgoing Chairman, the Prime Minister of Papua New Guinea, Hon. James Marape, MP, for his leadership of the Group during one of the most difficult and challenging times of our history precipitated by COVID 19 pandemic.
2. **Offered assurances** of continued support to the incoming Chairman of the MSG, Honourable Bob Loughman Weibur, MP, Prime Minister of Vanuatu during his tenure.

B: FIJI'S ROLE IN HOSTING OF THE SPECIAL SUMMIT

D: FLNKS/NEW CALEDONIA

10. **Noted**, in addition, the deep concerns raised by the FLNKS Spokesperson on the manner in which the recent 12 December 2021 Referendum for Independence was organized in New Caledonia in the midst of COVID 19 challenges. The Spokesman for the FLNKS asserted that the rushed manner in which the Referendum was conducted, against the wishes of the Kanaks (the affected non-self-governing peoples), and without the participation of the concerned colonized peoples, defeats the principles of fairness, good faith and good governance principles and thus renders the Referendum illegitimate.

11. **Noted further**, with empathy, the continued strong objections and non-recognition of the results of the third Referendum, expressed by FLNKS on behalf of the Kanaks (the affected non-self-governing peoples), as well as the wishes of the FLNKS to express these objections at the regional and international levels, including their intention to seek an advisory opinion at the ICJ in Hague on the propriety and legitimacy of the 3rd Referendum.
12. **Acknowledged** with sympathy the desire of the FLNKS and the pro-independence groups to have another exercise of self determination organized and supervised under the direct auspices of the United Nations, and the call for diplomatic efforts to be made to put pressure to bear on France, as the Administering Power, to create conditions to allow for the genuine exercise of self determination in a legitimate manner and in line with the objectives of the UN resolutions on decolonisation.

15. **Expressed** positive disposition and affinity with calls by Fiji to redouble efforts towards a greener and bluer planet.

26. **Reflected** on the importance of the Melanesian Free Trade Agreement (MFTA) and recommended to expedite its signing, ratification and implementation by all members.

H: COVID 19 AND ITS IMPACT

27. **Underscored** the adverse effect that the COVID 19 pandemic has caused to the social and economic sectors of the Membership and further recognised the challenges associated with these recovery efforts in the region.
28. **Recognised** that the virtues of Melanesian solidarity and cooperation was critically vital to overcoming the challenges associated with the new normal caused by COVID 19, which includes the difficulties that may be encountered while pursuing economic cooperation and trade within the Group.

35. **Expressed concern** on the geo-political dynamics affecting the regional security landscape but acknowledged that there were associated opportunities arising from this increased competition for influence in the region that MSG members must discern and take advantage of.
36. **Emphasized the importance** of the MSG remaining united and steadfast in the pursuit and defence of their members interest in the face of this heightened geo-political competition, reminding each other that the real security threat was Climate Change.
37. **Alluded to** the fact that the Melanesian tradition of dialogue, tok stori, storian and talanoa as a fundamental tool to promoting consensus-based solutions anchored on mutual trust and understanding.
38. **Reaffirmed** collective regional commitments to ensure greater emphasis on advocating for anti-nuclear activities and testing in the Pacific, consistent with the ideals of a Nuclear Free Pacific.
